

Meter Test Equipment

Headquartered in Zug, Switzerland, MTE is a global player in high-precision test and measurement technology for electricity meters, as well as monitoring systems for power transformers. We're also driving innovation in e-mobility and smart grid technologies – keeping us at the forefront of future-ready systems.

With a presence in over 90 countries, we deliver high-precision products that support utility providers, industrial companies and infrastructure projects worldwide. Our work is driven by technical excellence, a collaborative corporate culture and a passion for smart, practical solutions.

We are seeking a technically skilled, driven and communicative individual (m/f) to strengthen our international sales team as

Product Manager Meter Testing 100%

As part of our motivated team, you'll play a key role in shaping product strategy and implementation across international markets. A dynamic and diverse role awaits you in a workplace that values teamwork, open-mindedness and respect.

Key Responsibilities:

- Provide technical support and guidance for projects and customer acquisition
- Conduct product testing and validation procedures
- Draft operation manuals
- Develop materials and presentations for customer seminars and acquisition efforts
- Instruct international representatives and partners
- Identify market opportunities and perform competitor analyses
- Travel internationally (approx. 10%)

Qualifications, Experience and Soft Skills:

- Degree in electrical engineering (BSc/MSc or equivalent), ideally with expertise in measurement technology, electricity meters and instrument transformers
- Several years of experience in product management or technical sales within an international setting
- Self-confident with very good English language skills, both verbal and written
- Eager to connect with customers from different cultures and backgrounds
- Fast learner with a reliable, independent and precise working style

What we offer:

- Competitive employment package within a successful niche market player
- High level of independence with freedom to shape your role
- Pleasant working atmosphere with flat hierarchies and direct involvement
- Comprehensive and thorough onboarding program for your future responsibilities
- Modern offices in the center of Zug
- Flexible working hours with the possibility of working from home

A diversified job in a growing market awaits you! Please send us your complete application in German or English, by e-mail, to: jobs@mte.ch
